

TEXAS COMMUNITY COLLEGES

ARE VITAL TO THE ECONOMIC WELL-BEING OF THE STATE OF TEXAS.

As the **first choice** for more than 50 percent of all students pursuing higher education in the state, Texas community colleges continue to be innovators that drive **student success and economic growth**.

At nearly 1/3 the cost of four-year colleges and universities, community colleges in Texas are not just affordable – they also offer **quality education** taught by highly credentialed faculty. Supporting Texas community colleges is an **investment in our communities**.
